To whom it may concern,

Lynn is a natural children's entertainer with a good dose of educational value thrown in. With a unique combination of creativity and teaching skills, children attending workshops or parties receive patient and caring guidance to create anything from a 'painted pot' to a simple piece of colouring. As a totally inclusive activity, they all leave with the feeling that they have had fun while achieving something they can be proud of.

At Lynn's 5th year at our **Garden City Festival**, Lynn along with a merry band of enthusiastic volunteers, showed children from 3 to 14 years of age how to paint a pot with a vegetable theme and to sow a seed that they could take away with them and nurture to become a plant.

Our formal research on the day showed that the pot planting workshop was rated highest of all the interactive workshops and attractions, even beating our ever popular owls, to score an average rating of 9.54 out of 10!

At our indoor events at the **Forum Centre**, Lynn provides face painting and a variety of creative activities for hundreds of children arriving each day at our varied Events & Christmas pantomimes.

Last years pantomime had many budding 'Snow Whites' keen to have their faces painted with Lynn's own unique style of face-painting designs.

Lynn works calmly and consistently at a pace to ensure no-one ever leaves disappointed.

I have no hesitation in recommending Lynn as an excellent child-carer, tutor & entertainer, with excellent interaction & communication skills with children to adults.

Known for her fun, thorough & professional out-look in what ever task is put in front of her.
